

EXCAVATOR RAKE HEAVY DUTY

The Blue Diamond® Heavy Duty Excavator Rake is an essential tool for removing roots and other debris when you need a clean finish. The durable 1/2" thick tines rip and remove underlying roots while allowing loose soil to flow through. Great for removing rocks, light brush, roots, trash, and any other unwanted material.

FEATURES INCLUDE

- Rake is 26" tall
- Gusseted tine tips
- Interchangeable mounting system
